# Church Lights and Social Leaders.

Every community, however small, has to group of energetic women, who lead and light the way in every local enterprise. If it is charity, a bazaar, a church fair, or any other benevolent undertaking, they work day and night to make it a success. They are not the women who neglect their homes to serve the public. They simply do double service. Many a husband knows what it is to bring his wife home from a fair or bazaar near the hour of midnight and see her drop, in sheer exhaustion, into the first chair she comes to. While the lights were bright and the talk and langhter were all about

her, she didn't realize her own weari-

ness. But once at home, exhaustion over-

came her. If a woman were thoroughly

robust, without ache or pain, she could

not keep this work up without under-mining her health. What shall be said

mining her health. What shall be said then of those women, who are not strong,

bearing-down pains, and other conse-quences of a diseased condition of the

womanly organism? And these women

are in the great majority. There are

few women who are free from diseases

I was advised by a friend to take 'Favorite Prescription, which I bottles I find that it has effected a complete cure."

"My niece was troubled before I asked for your advice," writes Mr. J. W. McGregor, of 62d Street and Princeton Ave., Chicago, Ills, "You advised her to take Dr. Pierce's Favorite Prescription which she did faithfully for nine months, and now we must acknowledge to you that she is a nell woman, We cannot thank you enough."

YOU CAN BE CURED "Favorite Prescription" if your disease is curable by medicine; and the facts show that only two women in every hundred who have given "Favorite Prescription" a fair and faithful trial have failed of a complete cure. Women who have suffered for years and have had the advantages of the most skillful medical treatment, have at last tried "Favorite Prescription" and been cured. Women who had been pronounced incurable, and given up to life-long suffering, have been perfectly and permantly cured by the use of Dr. Pierce's Favorite Prescription.

Sick and ailing women are invited to consult Dr. Pierce, by letter, free.
